## SYSTEM COMPONENT PRICING UPDATE

Dear Customer:

Once again, new tariffs have forced us to increase prices on the following products:

<u>Brand</u>	<u>Products</u>	<u>Average % Increase</u>	<u>Effective Date</u>
Nibco	Nibco Fire Protection Valves	1%-6%	November 4, 2019
Reliable	OS&Y, Flanged Iron Check & PIV valves	5%-6%	November 4, 2019

As these new tariffs go into effect on October 1, 2019, Reliable will be adjusting our list prices effective November 4, 2019. As always, we regret the fact that we must raise our prices, but we do so only as a result of the increases that we receive from our manufacturing partners and suppliers. Please take the time to review your requirements for the products listed above and place an order with us prior to October 28, 2019 for shipment no later than November 1, 2019. We will not be able to hold pricing or ship product at the old price after November 1, 2019.

Our amended pricing will be posted on the Reliable website at [www.reliablesprinkler.com](http://www.reliablesprinkler.com). Please download it from our site.

All of us at Reliable want to thank you for your business and continued support of Reliable's System Component product line.

Sincerely,

Rex Schwendiman  
Vice President, System Components
